Fort St. George, December 2, 1913.

No. 542.—The following notification of the Government of India is republished;—

IMPERIAL DEPARTMENT OF AGRICULTURE IN INDIA.

NOTIFICATION.

Pusa, the 8th November 1913.

The following Prospectus of Short Courses of Instruction given at the Agricultural Research Institute, Pusa, is published for general information;—

SHORT COURSES OF INSTRUCTION GIVEN AT PUSA.

The function of the Pusa College in the general scheme of Agricultural Education in India has been defined as that of a higher Teaching Institution and Research Station for post-graduate agricultural students and for advanced science students, particularly from Indian Universities.

But for the present it seems necessary for the Pusa Institute to continue to assist Provinces and Native States by giving short courses of instruction in special branches of agriculture or in simple industries connected with agriculture. There are now facilities at Pusa for thorough instruction in the subjects referred to.

The short courses are broadly defined in a syllabus for each subject which is appended hereto. The instruction is essentially practical in character and requires no scientific training and not even a knowledge of English. Students should, however, have a fair general education.

Men who have not the instincts of the profession which they are following or propose to follow will not be accepted. It is desired to admit in particular to Pusa for these courses men who are *bona fide* agriculturists or *Malis* by caste.

The courses will be suitable for men of the subordinate staff of all the Agricultural Departments, and will be open to private individuals who are engaged or propose to engage in the special branches of agriculture and allied subjects dealt with.

A recommendation of a suitable candidate by a Director of Agriculture or any other authorised authority will be accepted, if the applicant is certified to be of good character and in robust health.

Free quarters of a very simple but sufficient character will be provided.

Students will have to pay all travelling and personal expenses. The latter at Pusa need not exceed Rs. 15 per mensem.

No books will be required.

Applications should be addressed to the Director of the Agricultural Research Institute, Pusa, Bihar.

The June course is the chief one but if a sufficient number of *bona fide* students apply, a second course in October will also be given. 6. Should there be more candidates considered to be qualified in every respect than vacancies to be filled, the Secretary of State reserves the right to require them to pass a competitive examination conducted by the Civil Service Commissioners on the results of which their final selection would depend. Particulars of this examination which would be held in August, will be found in Appendix I.

* A Moderatorship in Natural Science or in Experimental Science at the University of Dublin will be considered as fulfilling these conditions.

† Graduates in Forestry at the University of Edinburgh are regarded as satisfying the requirements of this paragraph if they pass the Final Examination of that University in some one branch of Natural Science embraced in the degree in Pure Science.

7. *Medical Examination.*—Selected candidates will be required to undergo a strict examination by a Medical Board at the India Office, at which particular stress will be laid on good vision and hearing, and to enable the Secretary of State for India thereby to be satisfied that they are physically fit for service in the Indian Forest Department (*see* Appendix VI).

The period of probation will in ordinary cases be two years. The Director of Indian Forest Studies will instruct probationers in each case as to the order and manner in which they should fulfil these various requirements.

9. *Charges.*—The probationers will be required to defray all expenses of lodging, board, tuition, and excursions, while at the University, and on practical instruction in Great Britain and on the Continent, with the exception of fees payable to local forest officers in Great Britain and on the Continent.

10. *Allowances.*—The Secretary of State for India in Council will make payments to each probationer at the rate of 120*l.* annually, not exceeding a total of 240*l.* (besides the fees to local officers mentioned above). These payments will ordinarily be made on the following dates in each year:—

	£

Their position in the Provincial Forest Lists will be determined by the Secretary of State for India in Council on the report of the Director of Indian Forest Studies; but in making selections for the post of Conservator, officers joining the service in the same year are reckoned as equal in seniority unless the Secretary of State for India in Council shall for special reasons have directed otherwise in any particular case or cases.

13. *Articles of Agreement.*—A probationer is required, on qualifying for appointment as Assistant Conservator, to sign articles of agreement setting forth the terms and conditions of his appointment; he must sail for India when required to do so by the Secretary of State, and must engage his own passage. Failure to embark at the stated time will, in the absence of satisfactory explanation, lead to forfeiture of appointment.

14. *Passage Allowance.*—An allowance on account of passage to India will be paid to each probationer on appointment to the Indian Forest Service, to the amount of 37*l.* 10*s.* for passage to Calcutta, Madras, or Bombay, and 44*l.* for passage to Rangoon.

Note.—The above is the normal rate of passage allowance. In consequence of the surtax of 10 per cent. at present charged by shipping companies in respect of passages to India the above rates of passage allowance have been raised to 41*l.* 5*s.* and 48*l.* 8*s.* respectively. Should this surtax be removed, these rates will be reduced to those given in paragraph 14.

15. *Salary.*—An Assistant Conservator of Forests will draw pay at the rate of Rs 350 a month (equivalent to 304*l.* a year, when the rupee is at 1*s.* 4*d.*) from the date of his reporting his arrival in India.

16. *Promotion, Leave, Pension, and Provident Fund.*—Promotion, leave, and pension will be governed by the Regulations laid down by the Government of India, and applicable to Forest officers such regulations being subject to any modifications or alterations which may be made in them from time to time by the Government of India, and their interpretation in case of any doubt arising being left to that Government. A copy of the existing regulations can be seen on application at the India Office.

Certain information regarding appointments in the upper controlling staff of the Indian Forest Service, the pay of which has been recently improved, will be found in appendix III.; a summary of information regarding leave is contained in appendix IV.; and regarding pensions and the provident fund in appendix V.

APPENDIX IV.

[*Note.*—Appendices IV and V are intended merely to show the principal leave and pension rules in the Civil Service Regulations at present applicable to officers appointed to the Indian Forest Service by the Secretary of State from the United Kingdom, without going into minute details, and do not profess to deal with every case that may arise. The rules are subject to alteration, and any disputed question must be decided with reference to the authorised text of the Civil Service Regulations for the time being.]

Leave.

Long Leave.

1. Furlough and special leave with allowances (*see* paragraph 5) are admissible to an aggregate maximum amount of six years during an officer's service. The amount of furlough "earned" is one-fourth of an officer's active service, and the amount "due" is that amount less any enjoyed.

2. Furlough without medical certificate can, if due, be generally taken after eight years' active service, and again after intervals of not less than three years' continuous service. It is limited to two years at a time.

3. Furlough on medical certificate may be granted (*a*) to an officer who has rendered three years' continuous service, for not more than two years, but capable of extension up to three years; and (*b*) to an officer who has not rendered three years' continuous service, up to one year in any case, and up to such longer period, if any (but not exceeding two years in all), as the officer may have furlough "due" to him

4. The allowances admissible during furlough are:—

(1) During the first two years of furlough without medical certificate and during so much of furlough with medical certificate as may be "due"—half average salary, subject to certain maximum and minimum limits.

(2) After the expiration of the period for which the foregoing allowances are admissible—one quarter of average salary, subject to certain maximum and minimum limits.

5. Special leave may be granted at any time for not more than six months, with intervals of six years' service; allowances, calculated as during furlough, are given during the first six months only, whether taken in one or more instalments.

Short Leave.

6. Privilege leave is a holiday which may be granted to the extent of one-eleventh part of the time that an officer has been on duty without interruption; and it may be accumulated up to three months, earned by thirty-three months' duty. During privilege leave, the officer retains a lien on his appointment and receives the salary which he would have received if on duty. An interval of not less than six months must elapse between two periods of absence on privilege leave.

Privilege leave may be prefixed to furlough, special leave, or extraordinary leave without allowances. The whole period of leave thus taken in combination is known as combined leave. Combined leave may not be granted for a period of less duration than six months, nor, except on medical certificate, may it be extended beyond two years.

7. Salutary leave in India for a minimum of 10 days, usually with half average salary, is granted to an officer proceeding on or returning from leave out of India, or on retirement, to enable him to reach the port of embarkation or to rejoin his appointment. It is admissible only at the end and not at the beginning of combined leave.

---

* The officer holding this appointment draws in addition to the pay of his grade a minimum local allowance of Rs. 200 a month.

† The 213 appointments are allotted to the various provinces as follows:—Burma, 45; Madras, 31; Bombay, 29; Central Provinces, 21; United Provinces, 19; Punjab, 17; Bengal, 13; Assam, 12; and Bihar and Orissa, 6; and 6 Imperial Instructors at Dehra Dun.

‡ Until he has passed the prescribed Departmental examination, an Assistant Conservator is liable to stoppage of increments of pay. On passing the examination he will resume drawing pay under the rule as to the rate in which his length of service entitles him.

§ These draw a local allowance of Rs 150 a month in addition to their grade pay, with the exception of the President, Forest Research Institute and College, in whose case the allowance is at the rate of Rs. 200 a month. Of these ten appointments, the four posts of the Imperial Instructors have been sanctioned for five years from 1912, for the present.

Note.—Under the improved scale of salary shown above, no Exchange Compensation Allowance is granted

8. Short leave is also granted to enable officers to appear at examinations, &c.

9. Extraordinary leave without allowances may be granted in case of necessity, and, except in certain specified cases, only when no other kind of leave is by rule admissible. It may be granted in continuation of other leave.

General Rules.

10. Leave of absence can never be claimed as of right, and is given or refused at the discretion of Government.

11. When leave allowances other than privilege leave pay are paid at the Home Treasury, or in a Colony where the standard of currency is gold, rupees are converted into sterling at the rate of exchange fixed for the time being for the adjustment of financial transactions between the Imperial and Indian Treasuries, unless any other rate has been exceptionally authorised. But for the present the rate of conversion is subject to a minimum of 1s. 6*d*. to the rupee. Privilege leave pay when issued from the Home Treasury (this is only admissible when privilege leave is combined with other leave) is converted at 1s. 8*d*. to the rupee.

APPENDIX V.

(See Note under Appendix IV.)

PENSIONS AND PROVIDENT FUND.

1. An officer of the Indian Forest Service is eligible for a pension on voluntary retirement after completing 30 years' qualifying service or attaining the age of 55 years. If at an earlier date he is compelled to retire from the service through ill-health, not occasioned by irregular or intemperate habits, he becomes eligible for an invalid pension or a gratuity according to the length of his service.

The amount of pension or gratuity is regulated as follows :—

After a service of less than 10 years, an invalid gratuity not exceeding one month's emoluments for each completed year of service.

After a service of not less than 10 years an invalid pension not exceeding the following amounts :—

Years of completed service.	Maximum limit of pension.

20 to 24.	30	Rs. 4,000 a year.
25 and above.		„ 6,000 „

Officers who have shown special energy and efficiency during an effective service of three years as Inspector-General of Forests or Conservator may, at the discretion of the Government of India, be allowed an additional pension of Rs. 1,000 a year, subject to the condition that the officer must not retire voluntarily before the completion of a total qualifying service of 25 years.

Subject to certain prescribed conditions, rupee pensions are now issued to pensioners residing in countries where the Indian rupee is not legal tender at the rate of exchange of 1s. 2*d*. the rupee.

2. A General Provident Fund has also been established on the following basis :—

(*a*) The contribution is compulsory up to 6¼ per cent. on salaries, with voluntary contributions of not more than a further 6¼ per cent. Subscriptions on leave of any kind are optional.

(*b*) Compound interest on such payments is annually credited by Government to each officer subscribing, the rate being at present 4 per cent. per annum.

(*c*) The sum which thus accumulates to the credit of an officer is his absolute property, subject to the rules of the Fund, and is handed over to him, on second nuptials, on quitting the service; or, in the event of his death before retirement, to his legal representatives or such other person or persons as, under and subject to the rules of the Fund for the time being in force, may be entitled thereto.

(*d*) Other forms of life insurance will, however, if they fulfil certain conditions, be accepted in lieu of the contributions in (*a*).

APPENDIX VI.

GENERAL PHYSICAL REQUIREMENTS.

[NOTE.—These Regulations are published for the convenience of candidates and in order to enable them to ascertain the probability of their coming up to the required physical standard. But it must be clearly understood that the Secretary of State reserves to himself an absolute discretion to reject as unfit any candidate whom he may consider, after hearing the opinion of his medical advisers, to be physically disqualified for the public service; and that his discretion is in no respect limited by these Regulations.]

1. A candidate must be in good mental and bodily health, and free from any physical defect likely to interfere with efficient performance of duty.

2. In the examination of candidates the Medical Board will apply the following table of correlation of age, height, and chest girth :—

Age	Height without shoes.	Chest	
		Girth when expanded.	Range of Expansion.
	inches.	inches.	inches.
20 to 20	62½ and under 65	36	2
	65 " 68	36	3
	68 " 70	35½	3
	70 " 72	36	3
	72 and upwards	36½	2½
21 and upwards	62½ and under 65	35	2
	65 " 68	35½	3
	68 " 70	35	2
	70 " 72	35½	2½
	72 and upwards.	37	2½

3. *Measurement of height.*—The candidate will be placed against the standard with his feet together, and the weight thrown on the heels, and not on the toes or outside of the feet. He will stand erect without rigidity, and with the heels, calves, buttocks, and shoulders touching the standard; the chin will be depressed to bring the vertex of the head level under the horizontal bar, and the height will be noted in parts of an inch to eighths. No fixed limit of height is imposed.

4. *Measurement of chest.*—The candidate will be made to stand erect with his feet together, and to raise his hands above his head. The tape will be carefully adjusted round the chest, the posterior upper edge touching the inferior angles of the shoulder blades, and its anterior lower edge the upper part of the nipples. The arms will then be lowered to hang loosely by the side, and care will be taken that the shoulders are not thrown upwards or backwards so as to displace the tape. The candidate will then be directed to empty his chest of air as much as possible. This is best done by continuous whistling with the lips as long as sound can be produced. The tape is carefully gathered in during the process, and when the minimum measurement is reached it is recorded. The candidate will then be directed to inflate his chest to its utmost capacity. This maximum measurement will likewise be noted. The girth with the chest fully expanded and the range of expansion between the minimum and the maximum will then be recorded.

5. The hearing must be good.

6. The speech without impediment.

7. The teeth in good order, *i.e.*, decayed or broken teeth must be properly stopped or crowned, and deficient teeth replaced by artificial teeth where necessary for effective mastication.

8. The chest must be well formed, the lungs and heart sound.

9. Rupture, hydrocele, varicocele, varicose veins in a severe degree, or other condition likely to cause inefficiency will disqualify a candidate, unless such condition is cured by operation.

10. The limbs, feet, and toes must be well formed and developed, with free and perfect motion of all the joints.

11. A candidate must have no congenital malformation or defect likely to interfere with efficiency.

12. A candidate must not be the subject of chronic skin disease.

13. Evidence of previous acute or chronic disease pointing to an impaired constitution will disqualify.

14. Candidates may, not more than two years before they are qualified to compete for an appointment, undergo a preliminary examination by the Medical Board, which meets at the India Office every Tuesday, under the following conditions :—

(*a*) Applications must be addressed to the Under Secretary of State, India Office, Whitehall, London, accompanied by a fee of two guineas, and a statement of the candidate's age.

(*b*) Candidates must pay their travelling expenses.

(*c*) Candidates considered to be unfit by the Medical Board at the preliminary examination are not bound to accept its opinion, but may, *at their own risk*, continue their studies, with the knowledge that they will have to submit themselves for a final medical examination by the Medical Board, prior to their appointment.

(*d*) On the other hand, it must be distinctly understood that the preliminary examination by the Medical Board is held solely for the candidate's information, and that if after that examination he is reported to be apparently fit he has not on that account any claim to be accepted as physically fit when he presents himself for the final Medical Examination, upon which alone his acceptance or rejection will depend. Candidates may be considered fit for the service at the preliminary examination, but may be found at the final examination to be unfit, either on account of some physical defect which did not exist or passed undetected at the preliminary examination, or for other reasons.

Regulations as to the standard of vision for the Indian Forest Service.

1. If myopia in one or both eyes exists, a candidate may be passed, provided the ametropia does not exceed 2·5 D, and if with correcting glasses, not exceeding 2·5 D, the acuteness of vision in one eye equals ⅚ and in the other ⅔, there being normal range of accommodation with the glasses.

2. Myopic astigmatism does not disqualify a candidate for service, provided the lens or the combined spherical and cylindrical lenses required to correct the error of refraction do not exceed—2·5 D; the acuteness of vision in one eye, when corrected, being equal to $\frac{6}{6}$, and in the other eye $\frac{6}{9}$, together with normal range of accommodation with the correcting glasses, there being no evidence of progressive disease in the choroid or retina.

3. A candidate having total hypermetropia not exceeding 4 D is not disqualified, provided the sight in one eye (when under the influence of atropine) equals $\frac{6}{6}$, and in the other eye equals $\frac{6}{9}$ with + 4 D or any lower power.

4. Hypermetropic astigmatism does not disqualify a candidate for the service, provided the lens or combined lenses required to cover the error of refraction do not exceed 4 D, and that the sight of one eye equals $\frac{6}{6}$ and of the other $\frac{6}{9}$, with or without such lens or lenses

5. A candidate having a defect of vision arising from nebula of the cornea is disqualified if the sight of one eye be less than $\frac{6}{9}$. In such a case the better eye must be emmetropic Defects of vision arising from pathological or other changes in the deeper structures of either eye, which are not referred to in the above rules, may exclude a candidate for admission into the service.

6. Squint, or any morbid condition, subject to the risk of aggravation or recurrence, in either eye, may cause the rejection of a candidate The existence of imperfection of colour sense will be noted on the candidate's papers.

NOTE.—*The figures in brackets are offered as an approximate indication of the number of days which, in a course extending over 120 lectures, might suitably be devoted to the respective periods or tendencies or thinkers enumerated. In the cases of Plato, Aristotle, Descartes, Spinoza, Leibniz, Hume, Kant and Hegel, a thorough critical understanding should be aimed at of their main constructive conceptions, accompanied—at least in the case of Spinoza, Hegel and, very specially, Kant—by some measure of first-hand acquaintance with selections from their writings. In respect of the rest of the Syllabus no more is intended on these such a general acquaintance with the most prominent tendencies as may suffice to provide an intelligible setting for the five-mentioned eight thinkers and to give a bird's eye view of the history of philosophy in its outstanding features.*

(6) *A syllabus is under preparation and will be announced later*

4. Tenders must be sent in registered covers to the address of the District Forest Officer, North Malabar, Manantoddy, and clearly marked on the outside of the cover with the words "Tenders for standing trees." The tenders will be opened by the District Forest Officer on the 15th February 1914 and each tender must be accompanied by deposit of Rs. 300 in Treasury Challans as forest deposit and not as forest remittance. Money orders or notes will not be received, and if sent no responsibility on them will be accepted. The deposit of unsuccessful tenderers will be returned as soon as possible.

5. Each tender must refer to the whole area to be felled in the coupe and the tenderer may offer a lump sum for the whole area or a rate per c. ft. of each kind of timber extracted.

6. The successful tenderer will, within a fortnight of the receipt of the intimation of the acceptance of his tender or tenders, execute an agreement with the District Forest Officer. For each day's delay (through the fault of the contractor beyond the time allowed) to execute the agreement, the contractor will be fined Rs. 1. Some of the essential conditions of the agreement are:—

(*a*) The contractor should deposit a sum of Rs. 1,000 for the due fulfilment of the contract.

(*b*) The contractor must begin work punctually on 1st May with at least 35 coolies always on the work for the period of the contract and to ensure this there must be at least 50 coolies on the contractor's roll. There shall be a fine of Rs. 5 per day for every day's delay in the commencement of the work after the 1st May 1914.

(*c*) The contractor must undertake to exercise personal supervision and not leave the work entirely to his agents and further the contractor must inspect the work within seven days of being required to do so by the District Forest Officer.

(*d*) The contractor must pay the coolies punctually and regularly at intervals not exceeding seven days.

(*e*) The contract is based on the actual experience of past years and there is nothing in it which is unreasonable and consequently the terms of the contract will be strictly enforced.

(*f*) The supply of elephants will not be guaranteed, but any departmental elephant, at the option of the District Forest Officer, may be supplied at the usual rates of hire subject to the rules of the department regulating their use.

7. The period of contract will be one year from 1st May 1914 to 1st May 1915 and in the case of lump sum contract the amount of the contract must be paid in two equal instalments on or before 1st June and 1st August 1914. Failure to make payments on the due dates entails cancellation of the contract and forfeiture of all wood removed; the District Forest Officer may however condone late payment if sufficient cause is shown and interest at the rate of 6 per cent. per annum is paid on the arrears from the due date to the actual date of payment.

8. The District Forest Officer is not bound to accept the highest or any tender.

9. Further particulars can be had on application to the undersigned.

10. The contractors must read the tender notice carefully and confine their tenders to the terms of the notice; failing which their offer will be treated as per tender notice.

11. The usual upkeep of roads will be made by this department, but if this is not sufficient the contractor must do any further work required himself.

Conditions of Lump Sum Contract.

1. Felling shall commence from 1st May and close before 30th November 1914. All trees must be cut as close to the ground as possible (without defacing the hammer mark) in order to avoid unnecessary waste of timber. There shall be a fine of Rs. 5 per day for every day's delay in commencing the work after the 1st May 1914.

2. The contractor shall continuously employ not less than 35 men throughout the period of felling and it will be necessary therefore for him to have at least 50 men on his rolls. The contractor must pay the coolies regularly on every Saturday evening punctually for all work done during the week. For this purpose the contractor must keep his local agent amply supplied with funds.

3. The trees shall be felled by sub-coupes and each sub-coupe continuously from north to south or *vice versa* in accordance with the requirements of condition 4. The contractor shall not commence work in a new sub-coupe until the sub coupe working has been completely finished and inspected and passed by the Range Officer.

4. In each sub-coupe the felling shall commence farthest away from the forest depots and the logs must be dragged in the order in which they are felled. By this means the debris of felled trees will not interfere with the dragging.

5. The contractor shall not deface or remove the tree number or the range stamp or the stamp of any tree felled or to be felled.

6. The contractor shall fell only such trees as are marked for felling, a list of such trees being furnished to him.

7. The contractor is bound to fell all trees marked for felling and shall pay a fine of Rs. 10 per marked tree left unfelled on the 30th November 1914. If trees happen to fall on to other trees and remain resting against them the contractor is to bring such trees to the ground then and there and not leave them in their dangerous position for days together.

8. Any tree felled which has not been marked will be charged Rs. 1 per inch of girth measurement of the stump at ground level and the District Forest Officer is at liberty to levy Rs. 150 for each stump if the stumps are removed. As soon as a tree is felled by axeman they are to see that the tree number is visible on the face of the trunk as well as on the stump.

9. If any tree not marked is damaged by the careless felling of a marked tree, the contractor shall pay a fine of not less than Rs. 10 for each such tree damaged.

10. The contractor is not entitled to hire any Government elephant. If any government elephants are available, the District Forest Officer may, if he likes, allow their use on a payment of Rs. 5 per day for each elephant. A sum of Rs. 500 should be deposited in the Post Office Savings Bank as security for the prompt payment of elephant hire. All logs to be dragged by departmental elephants shall have the drag hole ends sloped off from each side towards the centre so that the log may tend to ride over the ground instead of cutting into it. The elephants will not be worked for more than 20 days (20) in a month and the working hours will be from 8 to 11 A.M. in the morning and from 2 to 5 P.M. in the evening in the months of December, January and February and in the other months from 11 A.M. to 4 P.M. No elephant is to drag a log of more than 80 c.ft. and no elephant is to be used for dragging after 31st January 1915. When hauling logs above 80 c.ft for sawing the contractor is to employ more than one elephant. The contractor or his mistry must have the sawing pits dug close to the tree to be sawn and not far away from it which entails unnecessary dragging of the elephants. Range officer will issue a bill for the hire of elephants at the end of each month and the amount must be paid within 15 days of receipt of the bill. Each Government elephant has a prescribed maximum beyond which it may not drag. This schedule of working maximum will be supplied to the contractor. The contractor, if he decides to remove logs exceeding the maxima set forth in the schedule, will have to make his own arrangements for extracting such logs.

11. The contractor is at liberty to engage other than departmental elephants and shall pay for the green fodder consumed by such elephants the sengorage fees at Rs. 7-8-0 per mensem for each elephant.

12. All the converted logs will be dragged to forest depots selected by the range officer in each sub-coupe which shall be situated as far as possible on the road side to convenient localities wherefrom further transport by carts can be easily effected. There shall not be more than two such depots in any sub-coupe. All logs left in the sub-coupes undragged to depots on 31st January following the date of sale will be the sole property of Government and the contractor shall have no claim to them nor reimbursement of any expenditure incurred by him on account of such logs.

13. The department will not be responsible for any damage any felled logs or trees may suffer while within the limits of the forests.

14. The contractor shall pay 50 per cent. of the contract amount by 1st June and the balance by the 1st August 1914.

15. As soon as sufficient number of logs has been dragged to the forest depots the contractor or his agent shall inform the range officer of the same and the range officer will measure and sale hammer the logs before further removal. No logs shall be removed from the depots before being so sale-hammered.

16. The department is at liberty to measure any tree or log or count rings at any time in order to obtain sylvicultural or other statistics, and for that purpose the department may place chalk, tar, pencil or other temporary marks on any tree or log.

17. All logs must be cross sawn and departmental saws if available will be supplied on a payment of Rs. 5 (five) for each saw for the season.

18. When logs are being dragged, the contractor must deputo one man solely to attend on the dragging by each elephant in order to remove obstructions from the logs or elephants.

19. The contractor will be responsible for any fire that may be caused in the forests by his negligence or that of his agents, coolies or cartmen.

20. The contractor shall be allowed time till 1st June 1915 for the removal of the logs stored in the coupe forest depots and any log not removed beyond the limits of the coupes by the last day abovenamed will be the property of the Government and the contractor shall have no claim to the same or to a refund of any expenditure incurred by him in the felling, shipping or dragging thereof nor for the amount paid by him on account of such logs.

21. If the contractor has sold any logs and the purchaser fails to remove them within the time prescribed the department has no concern with the purchaser and the contractor shall be liable for any suit which the purchaser may file. No transfer of the contract can be effected without the sanction of the District Forest Officer and no such transfer will be considered valid unless the same is executed by a power of attorney presented in person and the transferee certifies that he agrees to abide by these conditions.

22. The contractor may not dispose of branch-wood or any wood he does not use himself to others without obtaining the permission of the District Forest Officer.

23. No extension of time will be allowed to the contractor under any circumstances.

THE FORT ST. GEORGE GAZETTE.

No. 47.] MADRAS, TUESDAY EVENING, DECEMBER 2, 1913. [PRICE, 6 pice.

AUDIT ORDER BY THE HON'BLE DIWAN BAHADUR L. D SWAMIKANNU PILLAI AVARGAL, M.A., B.L., M.L., REGISTRAR OF CO-OPERATIVE SOCIETIES, CHETPAUK, MADRAS.

The accounts of 52 Madras and Southern Mahratta Railway Employees' Urban Bank (Limited) for the year ending 30th June 1913, as audited by M.R.Ry. K. Vedachala Ayyar, Chief Inspector, Madras City, are passed.

2. The transactions of the bank have considerably increased. There was a net addition of 468 to the list of members. The share capital rose from Rs. 31,160 to Rs. 92,695 and the deposits from Rs. 17,075 to Rs. 22,410. One thousand three hundred and forty-three loans amounting to Rs. 1,26,482 were disbursed to members during the year. Of these 1,081 loans aggregating to Rs. 72,477 were for sums below Rs. 100. This fact indicates that the poorer members of the bank were freely helped.

3. The bank earned during the year a net profit of Rs. 8,083-3-6 against Rs 4,011-2-7 in the previous year. One-fourth of the net profits or Rs 1,515-12-11 should, under by-law 28, be carried to the reserve The bank is requested to invest the sum in the Madras Central Urban Bank. Out of Rs. 4,500 which sum stood to the credit of the reserve fund on 30th June 1913, a sum of Rs 2,051-6-11 only was invested in the Madras Central Bank The remainder was included in the general funds of the bank. The bank is requested to consider the advisability of separating the entire amount due to reserve from the general funds of the bank.

4. The Managing Committee deserves to be congratulated on the excellent results achieved during the year.
